BLACKOUT PLEATED BLINDS

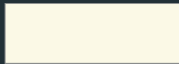

Our Nightshade blind has been developed to create maximum blackout performance at a comfortable & affordable cost.

These blinds are a highly effective blackout blind with a unique frame which fits neatly into the window recess. The pleated fabric is positioned in the side channels of the frame to eliminate any light gaps. A sturdy bottom bar moves the blind up or down.

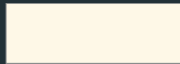

Our collection consists of 12 on-trend colours:

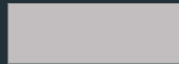

Snow White

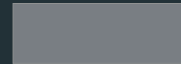

Linen

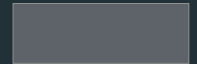

Petal

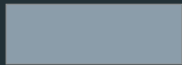

Cloud Grey

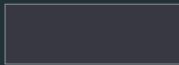

Pebble

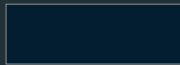

Granite

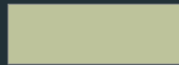

Nautical Grey

Almost Black

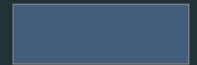

Anthracite

Pine

Mahogany

Royal Blue

Frame Size

Width: 30cm - 200cm

Drop: 20cm - 200cm

Fabric

The fabric is positioned into the top channel of the frame. Side cords to help raise and lower the blind are hidden in the sides of the frame.

Cell Size: 20mm

Composition: 100% Polyester

Frame

Size: 33mm

Composition: Aluminium

Colour: White or Anthracite
